Mackay Companies had been the larges: His subject at the banquet was "New single holder of American Telephone and Telegraph stock and the relations between the Postal and the telephone companies had supposedly been friendly. Almost immediately following the new alliance, however, changed conditions became apparent in the telegraph field.

Now the competition is strong. Not only has the Postal met every new move of its rival, such as the night letter and deferred messages, but it has been attacking it in other ways. One of its Rell telephone company in the West from cutting off relations it had with the Postal. It alleged in these proceedings that the Western Union and the Bell telephone interests were engaged in a conspiracy to suppress telegraphic competition and it pointed out as evidence of this that the certain subsidiary Bell telephone com-panies with which the Postal had had The lockout for the present affects J. G. Sheldon Wants His Pay for Investi- working agreements were attempting to discontinue them. Another step came when the Postal let it be known that it

> One serious drawback the Postal has suffered from has been the fact that it mission to the bar. Sheldon said that has not been able to extend its lines to he was to receive \$9,000 and that he had many of the smaller villages and towns of this State because the Western Union had exclusive contracts with the railroads reaching these places. Under the terms of these contracts the railroads were and to influence his vote on the racing forbidden to make any contracts with to influence his vote on the racing competitors of the Western Union. For the years it has been the practice of the Postal to accept messages for such places and to turn the messages over to the Western Union for delivery at the nearest place reached by the Postal lines. Apparently this arrangement went on harmoniously until the telephone inter-It was stated additional charge for four or five words and the papers on appeal would not be addy for a week at least.
